Dr Mirjana Stojanović
Proceedings of Symposiums

1. Stojanović, M., *An Example of the General Abel's Differential Equation with Comparative Equations of the type: $y = f_2 y^4 - \varepsilon$ and $y = f_2 y^4$,* IV Conf.on.Appl.Math.Proc.Symp., Split, 1984., 23-29.

2. Surla, K., Stojanović, M., *Exponentially Fitted Spline Difference Scheme on non- equidistant Grid.*, V.Conf.on Appl. Math., Proc. Symp. Ljubljana, 1986, 161-168.

3. Stojmenović, I., Stojanović, M., *Remarks on Graham Convex Hull Algorithm*, XI. Bosansko-Hercegovački Sympozijum iz Informatike, Jahorina, 1987.

4. Stojanović M., *A Uniformly Convergent Difference Scheme for a Singular Perturbation Problem derived from quadratic Spline at Mid-Points*, Proc. Symp. XI ICNO, Budapest, (1987), (ed .M.Farkaš), Yanoš Bolyai Math. Society, pp. 579-583.

5. Stojanović, M., *Exponentially Fitted Mid-Point Spline Difference Scheme on Non- Uniform Mesh for Singular Perturbation Problem*, Proc. Inter. Symp. on Num.Anal.,Prague (1987), 282-288, Teubner Texten zur Math., Leipzig.

6. Stojanović, M., *Adaptive Spline Difference Scheme for a Non-Self Adjoint Problem with Mixed Boundary Conditions, (ed. B.Jovanović)*, VI Conf.on Apll.Math., Tara, (1989) 203-212.

7. Pilipović S., Stojanović M., *The strong quasiasymptotics and a Cauchy problem,* X Conf. on Applied Math., (ed. D. Herceg), N. Sad, Inst. of Math. (1995), 167-174.

8. Pilipović S., Stojanović M., *$\mathcal{G}$-quasiasymptotic expansion at infinity*, Proc. Symp. Yu. Math. Bgd. (2001).

9. Stojanović, M., *Nonlinear non-Lipschitz polar Volterra integral equation in weighted Colombeau spaces*, Progress in analysis, Vol. I, II (Berlin, 2001), 1469-1479, World Sci. Publishing, River Edge, NJ, (2003).

10. Pilipović, S., Stojanović, M.,*Volterra type integral equations with polar kernels*, Non Linear Algebraic Analysis, Proceedings of the International Conference on Generalized Functions ICGF2000 (April 16-21, 2000 ; Pointe a Pitre), Ed: A. Delcroix, M. Hasler, J-A Marti, V. Valmorin, Taylor & Fransis, London, (2004).

11. Stojanović M., Gorenflo R., *Diffusion-wave phenomena*, Proceedings Symp. ICIAM07, Zurich, 16-20 July, (2007), Printed in PAMM, (2008).

12. Stojanović M., *Diffusion-wave problem over the quarter plane*, Proceeding Conference FDA08, 5-7 November,(2008), Ankara.
